## **MESSAGE FROM CHAIRPERSON Meenakshi B.**

**HAPPY NEW YEAR 2024 TO ALL!!**

Year 2023 has moved very fast, filling our hearts with - Joy of helping more needy people, improvements in various activities, etc.; Satisfaction in introducing new avenues of training, joining hands with other institutions; sadness of losing people of long time association; and so on. Teaching us the values of changing times!!

Continuing our efforts in improving the livelihood of our GODS' members, one more employment oriented training has been started with MANN Foundation; additional teachers have been taken for Education & Training wings; therapy support has been provided by DY Patil College of Physiotherapy.

New associations have happened with organisations like Rallis India Ltd, Burns and Mcdonnell India, DY Patil Deemed to be University (Nerul), Nirali Health Care Centre, Shere Punjab, etc..

The year also brought us to think of strengthening our Board of Trustees, with 4 of the founder trustees less. Names of people with extensive experience in the field of corporate governance, education and disability came up and recently we have appointed 3 more Trustees during 2023-24.

V.H. Balasubramaniam (Baloo), our Founder Trustee, joined us as CEO, when we moved to Airoli in 2016. He managed the government compliances for the new building, OC, and setting up the units in this new place, etc.. Working tirelessly for 6 years, he asked for leave last December, due to personal reasons. We acknowledge his timely support in streamlining & strengthening the organization in a befitting way.

Frequent Health Monitoring, Nutrition and Age-related activities are being planned for our life care beneficiaries, who have been with us for more than 15 years. Youngsters are encouraged to learn activities in all fields of daily life, right from taking care of themselves to helping others living with them; house-keeping, general knowledge and communication and also finding possibilities of going out and work.

Awareness building activities continue; presentations to corporate employees in their offices on invitation; some of them sending their staff members to our centre for orientation; schools & colleges students on visit, etc. Major campaigns like Sports meet, Exhibitions of their products, Picnics and Free Assessment Camps, help us to spread word about our activities to people at large, so that more needy people can be helped.

I profusely thank each one of you who are associated with our work; our GODS', Parents, Trustees, Staff members, Volunteers, Donors and Associates for making this year a memorable one. And also seek continuous support in the years to come!!

With best wishes,  
Meenakshi B.

We lost a very dear member of MBA Foundation,  
**SMT. SUJATA SHRIVASTAVA**

our Trustee, Friend and Philosopher, whose earthly journey concluded on June 4, 2023. She held a pivotal role as a founder trustee, an eminent authority on disability issues, and a compassionate human being. Above all, as a mother of Yayati, a differently able youngster, she was genuinely interested in creating a positive and supportive environment for individuals with special needs.

Professionally, she worked as an Academic Adviser to SPANDAN Holistic Childcare Centre of Barwalia Foundation.

In MBA Foundation, her contribution has been immense! Collaboration with Hiranandani hospital for healthcare services for G.O.D.S' members, introducing RCI COURSE for trainers, setting up our Early Intervention Care, to name a few, showcase her sincere commitment to the cause. Assessment, Documentations, Counselling, etc., were her specialised fields, which demonstrates a holistic and empathetic approach to addressing the needs of those with disabilities with compassion.

It is evident that she found joy in the small moments, in helping others, and in celebrating life despite challenges. Her legacy will continue through the positive impact she had on the lives of individuals with disabilities and their families.

We remember her with every activity of our centre; her contribution has inspired us all and will continue to do so.

# MBA FOUNDATION FAMILY

## PATRONS :

Shri Niranjan Hiranandani  
Shri Amit Dholakia  
Shri Ramesh Mangaleshwaran

## HONORARY DIRECTOR :

Shri N.R. Venkitachalam

## ADVISORS :

Smt. Pheroza Godrej	Smt. Raju Bhatia
Shri Prakash Chawla	Smt. Geeta Castelino
Shri A.V. Suresh	Dr. Dhanoj Gapat
Shri M.V. Subramanian	Dr. Gauri Raut

## ABOUT MBA FOUNDATION

**MBA Foundation is a Public Charitable Trust for the rehabilitation of people with disabilities. Our main Centre is in Airoli, Navi Mumbai and another centre is in Sangrash Nagar, Chandivali, Mumbai.**

**OUR MISSION :** "A Life with Self-Esteem & Dignity for the Disabled."

**OUR VISION :** "Every Disabled Person has Access to all Facilities for Rehabilitation"; and

### **OUR STRATEGIC OBJECTIVES :**

- To educate & empower parents of children with disabilities.
- To support people young & old with disabilities, with the needy assessment, therapy, education & training- ongoing basis
- To provide life-long residential care for the needy.
- To provide Sheltered employment opportunities to those who are unable to work in an outside environment.
- To provide Integrated Care Services Under One Roof To establish a Network of similar NGOs and Medicos working in the field for suitable references and sharing of latest developments in the field.
- To partner with other NGOs to share knowledge & infrastructure for betterment of people with disabilities.
- To establish relationship with corporate organizations for support and placement of trained students in jobs and with good hospitals / health centres for treatment our beneficiaries

## HOW DO WE TAKE THIS FORWARD

Identify The Disability (Through Assessment, Diagnosis, Etc.)

PHYSICAL	MENTAL	MULTIPLE
<ul style="list-style-type: none"><li>- Hearing / Speech</li><li>- Visual</li><li>- Orthopedic</li><li>- Muscular Dystrophy</li><li>- Polio.</li><li>- Cerebral Palsy</li></ul>	<ul style="list-style-type: none"><li>- Learning Disabilities:<ul style="list-style-type: none"><li>- A. D. H.D</li><li>- Dyslexia</li></ul></li><li>- Mental Retardation</li><li>- Mild / Moderate / Severe</li><li>- Downs Syndrome.</li></ul>	<ul style="list-style-type: none"><li>- Combination of two or more covered in Columns 1 and 2</li><li>- Trauma cases</li><li>- AUTISM</li><li>- Others</li></ul>

**Then Classify the candidates as :** Educable, Trainable & Others

**Action Plan** - Education, Training, Employment, Therapy & Care, Residential Lifelong care.

Our Centre In Airoli is called **GODS' Abode** (GODS' - Groups of Disabled). The products made by our beneficiaries in Sheltered workshop are sold through our associate organization, **Self Esteem Foundation for Disabled** (SEFD) a section 8 company and the sales proceeds used to pay stipends to beneficiaries enabling them to lead a life of self esteem & dignity. SEFD's valued customers are enrolled as "Friends of GODS"

**GODS' Beneficiaries – Total 151 Nos (2022 - 2023)**

Early Intervention & Pre-Vocational - 62 Nos  
Vocational Training - 22 Nos

Sheltered Work Unit - 42 Nos  
Lifelong Care (Residential)- 25 Nos

## OUR PROJECTS

**Assessment & Therapy**

**Early Childhood Intervention (03 Years to 12 Years)**

**Assessments during the year 2022-23**

- No of enquires received - 104, from all over the country
- No of assessments done - 63
- No of Admissions given - 49
- A few enquires were referred to other NGOs, close by to their residence or better suited for the beneficiaries.
- In addition there were general enquiries about the organization.

## PROVIDING A LIFE WITH SELF ESTEEM AND DIGNITY

In our search for better training opportunities, especially for people with mild intellectual disability, we added one more employment-oriented training program in association with **Mann Foundation** (Centre for individuals with special needs). This is a vocational skill development training in the areas of hospitality, retail marketing, food and beverage (kitchen assistance) management, etc.

**We are very happy to announce that three of our trainees have already been placed and have started their career!! Three cheers to MANN Foundation!!** Their example exemplifies how determination and a supportive community can empower individuals with disabilities to lead fulfilling, independent lives. It underlines the importance of inclusive workplaces and highlights the incredible contributions that individuals with intellectual disability can make when given the right opportunities and support.

### A FEW SUCCESS STORIES

#### ADITYA KIRTIKAR

Meet Aditya, a resilient student who overcame intellectual disability to carve a path of success. Despite facing challenges in traditional learning environments, Aditya discovered his strengths in hands-on experiences and practical skills.

Through personalized support and adaptive learning strategies in MBA Foundation, he gained confidence. His journey of 15 years in MBA Foundation from June 2007, included vocational training programs that aligned with his interests, allowing him to flourish in a supportive and inclusive environment in the sheltered workshop. He also learnt to travel independently by bus, first from Goregaon to Powai and then up to Airoli !!

Under this program, he was trained in coding, packaging and restocking of products. He was also given training to follow health and hygiene protocol during packaging. Recognizing his talents, Star bazaar offered him a position. With continuous mentorship and accommodations tailored to his needs, he thrived in the workplace.

Today, Aditya is not just employed but excelling in his role. His success story serves as an inspiration, emphasizing the importance of recognizing individual strengths and providing inclusive opportunities.

**His parents have sent a special note of gratitude to MBAF, for supporting him and finally identifying & training him for this job. After the special training, MANN Foundation helped him with an interview with Star Bazaar, Andheri West and he was offered a job in June, 2023, as Associate in F&V department and is very comfortable working there, these last 5 months !! Living in Malad, he finds it very easy to commute to place of work.**

**We congratulate Aditya and wish him continued success in the job!!**

## AADARSH SHRIVASTAV

Adarsh, a determined and talented student who navigated the challenges of intellectual disability to achieve remarkable success in his professional journey, joined MBA Foundation in June 2016. Recognizing his unique strengths, Aadarsh's educational path involved tailored support and accommodation at MBA Foundation for the past seven years that allowed him to excel in NIOS.

Aadarsh, overcoming intellectual disabilities, has crafted a remarkable success story. His journey unfolds at West Side store, where he now thrives in a fulfilling role, proving that determination and resilience can break barriers. A shining example of inclusive employment, Aadarsh's story inspires others to embrace diversity in the workplace.

Now employed and thriving, Aadarsh's success story challenges stereotypes and showcases the untapped potential within the neurodiverse community.

**Expressing his deep appreciation for the incredible support & guidance from MBA Foundation, Adarsh's father pens: Adarsh's achievement of securing an apprenticeship at West Side, a division of Tata Enterprises, is not just a milestone, but a shining example of the inclusive & empowering environment created by MBA Foundation. Your commitment to nurturing talent, regardless of abilities has been a game changer for Adarsh.**

**It is not just about skills; it's about building confidence and breaking barriers. as a parent, I have witnessed the genuine inclusivity fostered by the MBA Foundation and its positive impact on Adarsh's professional journey; it fills my heart with immense gratitude and pride. My sincere appreciation to the entire team of MBAF for their unwavering commitment to empowering individuals with diverse abilities.**

**This is changing lives and contributing to a more compassionate professional world!!**

**Thank you MBAF team!!**

## RUSHIKESH MORE

Rushikesh, a hardworking student from an underprivileged family, was referred to us by President, Dr. Kamalini Pathak, Rotary Club of Powai. He joined MBA Foundation in December 2021. We admitted him in our residential unit as he lived very far away and wouldn't be able to commute everyday.

We had to start work on his behaviour first, as he was adamant, not wanting to work and only watch mobile whole day! But very soon, he found himself moving forward despite facing

communication challenges. Rushikesh's journey embraced alternative forms of expression, including assistive technology and visual aids.

With the help of patient and dedicated educators and continuous training in a variety of activities for two years at MBA Foundation, Rushikesh discovered his strengths in the cooking area. His creativity flourished, when he joined Mann Foundation focussed training and started his training as a kitchen assistant.

On completing the course, MANN placement cell helped Rushikesh with a supportive workplace that recognized his capability and dedication to work. INOX Cinemas provided him placement, fostering an inclusive environment. Today, Rushikesh serves delicious popcorn to all the viewer of INOX Cinemas!!

माझा मुलगा ऋषिकेश मोरे याने **MBA Foundation** संस्थेत निवासी केंद्रात **Skill Development Training** चे प्रशिक्षण घेतले. त्याच्या आत्मविश्वासात वाढ झाली आहे. त्याला काम करण्याची आवड निर्माण झाली असून, तो बोलायला, त्याची मत व्यक्त करायला लागला आहे. सध्या तो इनरबिट मॉल मध्ये कामाला लागला आहे. तो काम मनापासून करित आहे. इतर कर्मचारी त्याच्या कामाचे कौतुक करतात. त्याचे काम झाल्यावर इतर कर्मचाऱ्यांना मदत हवी का हे देखील विचारतो. त्याच्या या सर्व प्रगती बदल मी **MBA Foundation** च्या शिक्षकांचे व इतर कर्मचाऱ्यांचे खूप आभार मानतो.

सुनिल मोरे (पालक)

## A FEW CASE STUDIES AMONG OUR DAY CARE STUDENTS

### SAEE SAWANT

Meet the Sawant family, whose unwavering love and resilience have turned challenges into triumphs. Aditi and Dinesh, both with physical disabilities, approached parenthood with determination. Their daughter, Sae, was diagnosed with intellectual disability, but their family story is one of strength and unity. She joined MBA Foundation from May 2023.

Despite physical limitations, Aditi and Dinesh created an environment where Sae could thrive.

They embraced adaptive parenting techniques, fostering Sae's independence while instilling a sense of support and understanding. The family became a tight-knit team, navigating daily tasks with creativity and collaboration.

Recognizing Sae's potential, the Sawants actively sought inclusive opportunities. MBA Foundation tailored support, enabling her to participate fully in therapy, skill development and extracurricular activities. Her achievements became a source of pride for the entire family. MBA Foundation under its wings of **Sanyukta Tailoring Project**, trained Aditi

(Saae's mother) to use sewing machine and tailoring skills. She is now employed under Sanyukta. Saae's father, Dinesh has been provided with a stall for disabled from municipal cooperation and he runs a small shop for livelihood.

Today, the Sawant family stands as a beacon of resilience, proving that a family's strength lies not in perfection but in embracing each other's differences. Their success story is a testament to love, adaptability, and the transformative power of unity in the face of adversity.

## YASH KAWALE

At the tender age of one, Yash faced an epileptic attack. He was hospitalized and was under medication. He was diagnosed with Global Development Disability. He was under medication for 3 years at Bai Jerabai Wadia Hospital. After 3 years the Doctor suggested that he should get enrolled in a Special School. Yash faced the challenges of severe intellectual disability. His world was silent, for he couldn't speak, and his tiny legs were unable to carry him on adventures like other children.

Yash's parents and grandparents, determined to unlock the doors to his potential, embarked on a journey of exploration and hope. One day, fate took an unexpected turn when Yash's parent met a doctor at Wadia Hospital and he introduced Yash to the world of MBA—Movement, Breath, and Awareness.

In the serene environment of MBA Foundation, Yash began his journey from January 2023. Through carefully designed movements, rhythmic breathing exercises, and heightened awareness activities, Yash's world started to transform. Though progress was gradual, it was steady and filled with hope.

With each passing day, Yash's muscles grew stronger, and a spark of understanding gleamed in his eyes. The once-silent boy began to express himself through gestures and sounds, breaking the barriers of speech. His laughter echoed in the therapy room, a melody of triumph over adversity.

As the year unfolded, Yash achieved a remarkable milestone—he took his first steps, defying the limitations that once confined him. His parent stood in awe, witnessing the incredible transformation of his son from a boy who couldn't walk to a determined explorer taking on the world one step at a time. Yash's journey became an inspiration, not just for his family, but for the entire community. The power of love, perseverance, and innovative therapies had unlocked his hidden potential, proving that every child, regardless of their challenges, deserved a chance to shine.

## NEELAM MITHAILAL CHAUHAN

Neelam, with her indomitable spirit, overcame her mild mental retardation and mild cerebral palsy. She was determined to prove that her disabilities were not limitations but merely stepping stones towards her dreams. Neelam was born through normal delivery at home. Her birth weight was very low (1.5 kg).

All her milestones got delayed. Her lower limbs had severe deformity. Thus, she was made to stay at home and no formal education was given. Neelam's father works as a daily labourer and mother works as domestic help.

Neelam's case was identified during a home visit by authorities of Sangharsh Nagar community centre. With a lot of counselling sessions conducted for the parents, they were finally convinced to bring Neelam for therapy from 10th of July 2023. A special education program at MBA Foundation in Sangharsh Nagar community centre was formulated, that provided the support she needed.

With the unwavering support of her dedicated therapists and special educator at Sangharsh Nagar, Neelam embarked on a path of growth and development. Through consistent effort and hard work, Neelam made significant strides in her fine motor and gross motor skills. Her therapists provided tailored interventions, focusing on activities to enhance her coordination and strength. With each passing day, Neelam showed remarkable improvement in her ability to control her movements and engage in various physical activities.

Not only did Neelam thrive in functional academics, but she also discovered her passion for dance and singing. At the same time, Neelam continued to receive therapy and interventions tailored to her needs. With the guidance of skilled healthcare professionals, she made remarkable progress in improving her physical abilities and speech. With her newfound confidence, she actively participated in group dance. Neelam's incredible journey of triumph didn't go unnoticed. She became a beacon of hope for others facing similar challenges.

All stories are not successes; we have our challenges too. But our rehab team tries out various methods of overcoming these challenges. With total support and enthusiasm of parents, we are able to cross over most of the challenges. Acceptance of their limitations and working around them is also a great method to mend them.

Such days of success are celebrated at our centre, which largely motivate the entire team of rehab, who work tirelessly with various alternatives to find success. It becomes all the more easy, when parents too join hands in this endeavour.

Thank you MBAF team!!

# EVENTS AND HAPPENINGS 2022-23

## Awareness Programs

7<sup>th</sup> May 2022 we organized free assessment camp in Airoli on Early Detection & Action Plan for Rehabilitation of PWDs. 22 candidates were assessed on that day. Few others took appointments to come during the week next.

30<sup>th</sup> July 2022 Orientation for caregivers & Parents – All therapists were involved. Dr Dhruv Mehta showed the technicalities of mobilization with Practical sessions.

Two of our special educators & 4 parents completed the Shadow teachers training from ADAPT (The Spastic society of India) on March 2023. It was a 3 months training program.

## Celebrated World Disability Day 2022.

26<sup>th</sup> November 2022 organised Sports Competition - 7 NGOs participated and 200 candidate took part in different sports. Professional sports persons from NMMC school helped in organizing these sports. Gurudwara Guru Nanak Darbar Airoli sponsored the lunch & water.

3<sup>rd</sup> December 2022 organised Inclusive Fun Fair Mela in our centre. NGOS participated by putting up different stalls. The entertainment program by the trainees and outside professional singers. Mr Madan Dodeja MD, Vashi Electrical & Ms Alka Kelekar - Ex Deputy Mayor of Mumbai were the chief guest.

10<sup>th</sup> December 2022 a Seminar on Developing Inclusive society – 4 eminent speakers from different fields were the speakers and 8 panelist who shared their experienced working in mainstream and the challenges they faced.

21<sup>st</sup> Founders Day celebration 2023 - Celebrated 21<sup>st</sup> Founders Day on 15<sup>th</sup> January at Bandra Fort by organizing a Fashion Show. This event was organized by Rotary Dist 3141 and the Fashion show was organized by Raju Bhatia.

## THE NEW INITIATIVES

**Mann Foundation** : In our search for better training opportunities, especially for people with mild intellectual disability, we added one more employment-oriented training program in association with Mann Foundation (Centre for individuals with special needs). This is a vocational skill development training in the areas of hospitality, retail marketing, food and beverage (kitchen assistance) management, etc.

**Sanyukta** : Training in Tailoring for underprivileged Parents & Sheltered work unit girl trainees, was initiated by Mrs. Meenal Mandlik, Director of Self Esteem Foundation for Disabled on 18<sup>th</sup> January 2023. It is specifically designed to empower young mothers of differently-abled children and young adults with disabilities. The core objective of this inclusive initiative is to create an environment for enabling the mothers and

differently-abled young girls to earn a decent income and also enhance their skills. The basic training program is for three months. The first batch of 12 ladies was supported by Aurion Pro Solutions Ltd and the second batch of 13 ladies was supported by The Society of Dyers and Colourists India and Archroma.

**Empowering Abilities Through Physical Activity:** Introduced a new Sports Initiative for Trainees. In a world that is increasingly recognizing the importance of inclusivity, this new sports initiative stands as a beacon of empowerment for individuals with disabilities. Through thoughtful design, inclusive training, and a strong sense of community involvement, the program is not just introducing a new physical activity but is creating a platform for individuals to thrive, irrespective of their abilities. As the initiative continues to evolve, it serves as a model for how sports can be a catalyst for positive change, breaking down barriers and empowering individuals to reach new heights. The professional Sports instructor has been involved in the training.

The ultimate aim is to guide and empower those youngsters who can enrol for Special Olympics and others who can be self-sustaining and contributing citizens of this country rather than dependants.

**Legal Guardianship, under Section 14 of the National Trust Act, 1999** This Act is especially applicable for persons with autism, Intellectual Disability, Cerebral Palsy and Multiple Disability, who need support in managing their financials and personal care.

Application for Legal Guardianship can be made by a person who is above 18 years old or an institution/organisation online through the National Trust website- [www.thenationaltrust.in](http://www.thenationaltrust.in).

The role of guardian is very important as a person who is appointed to look after a PWD or his/her property. It assumes the care and protection of the person for whom he/she is appointed the guardian. The guardian takes all legal decisions on behalf of the person and the property of the ward. PWD is eligible to open a bank account which will be operated by the guardian.

Such occasion may arise when a person with disability has to deal with issues related to himself, his interests and his properties and since he/she may not always be able to take appropriate decisions in those respects, it would be in the best interests of the person if he/she is represented by a legal guardian in such matters.

Persons with disability should have an Adhar card, Disability certificate, UDID card issued by a governmental medical authority. Parents jointly or single, siblings, relatives or institute can apply for LG certificate. Other qualifications for legal guardians include possessing Adhar card, Indian citizenship, no criminal background, good financial status etc. Brief rules and regulation are mentioned in the website. Additionally, the person applying for guardianship must prepare a will or create a trust to get clarity on moveable and immovable property details and also to make provision for personal care and maintenance for the ward.

All applications are received by the District Local Level Committee (LLC) which coordinates with the District Collector. They make home visits and discuss with the person appointing for guardianship and understand his/her interest, cross-check all processes and finally issue certificate of Legal Guardian. Additionally, LLC will also make follow up home visits or phone calls to ensure LG is taking good care of trainee or whether not taking proper care. If they have doubts or concerns about the LG, LLC will send notice to LG or cancel the legal guardianship certificate.

**A Workshop on Legal Guardianship** for parents was organised on 11<sup>th</sup> March 2023, with Advocate Rupashree Deshpande & Local level committee member Mr Satish Dhurat explaining the importance & procedures

## ENTERTAINMENT ACTIVITIES

On 31<sup>st</sup> May 2022 we took all our trainees for Movie Bhool Bhulaiya to a theatre in Koparkharane.

On 25<sup>th</sup> January 2023 The National Gallery of Modern Art invited our differently abled trainees to the Museum and organized Drawing activities for them. The trainees were guided through the museum, where they were exposed to various forms of historical art.

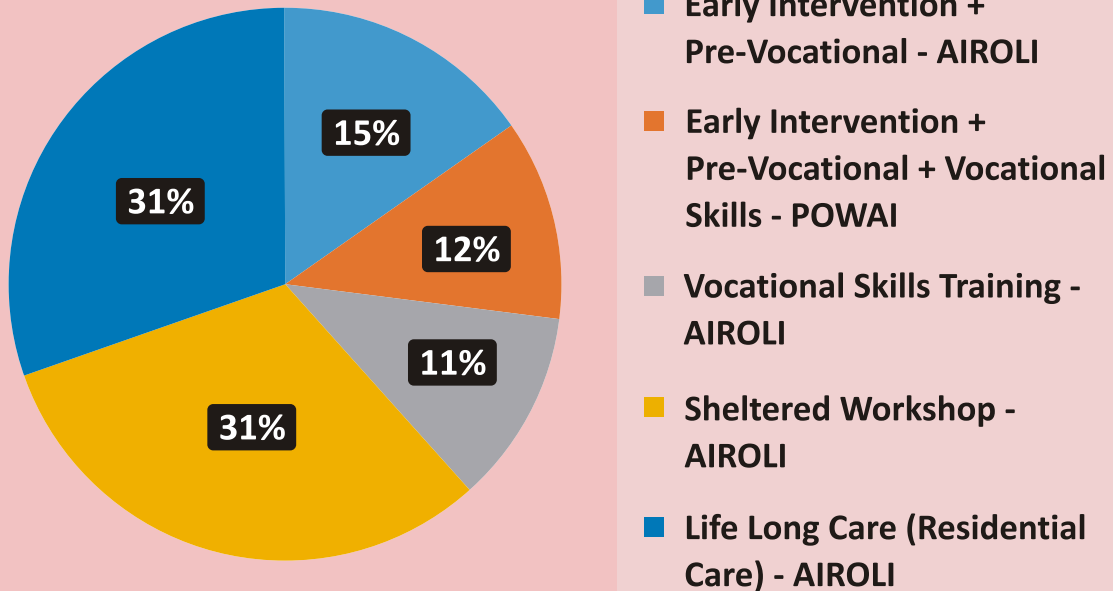

## EVENTS & HAPPENINGS FROM APRIL 2023 TILL DATE

- Planning a more comfortable life for our ageing life care beneficiaries.
- Organized a Caregivers Orientation Program for better handling wheelchair and etc.
- A Warli Art workshop by Mr. Sunil Kharpad from Adivasi Warli kala kendra, Vikramgad, Palghar was organised on 10th June 2023 for teachers.
- Two days Speech Therapy Workshop was organized on 15th and 28th July 2023 for teachers and parents.
- Collaboration with DPO Physiotherapy college, DY Patil College for Dentistry, etc., for inclusive programs.
